

Virtual Student Oral Presentation Award Review

2021 UNT Biology Graduate Student Association Research Symposium

Session: _____

Day: _____

Presentation No: _____

Presentation Title: _____

Place an "X" in the box most closely approximates your evaluation of the speaker's performance relative to the questions posted. Use the following scale: S = superb (10 pts); M = more than adequate (9 pts); A = adequate (6 pts); L = less than adequate (4 pts); or D = deficient (2 pts).

Organization and Content:

	S	M	A	L	D	
1.						Rate the adequacy of the introduction.
2.						Rate the transition from one point to another.
3.						Rate how well the speaker explained the purpose of the research, methods used, experiments performed, etc.
4.						Rate how well the conclusion summarized the presentation and directed attention to the main points.

Delivery:

5.						Rate the clarity of the presentation of the ideas and concepts in the session.
6.						Rate the clarity and quality of the slides.
7.						Rate the audibility of voice and "presence" of the speaker.
8.						Rate the preparedness of the speaker and presentation.
9.						Rate the ability to answer questions or interact with attendees.

Non-Scored Comments:

10. Rate the amount of information presented.

Too much OK Too little

11. Rate the speed of the presentation.

Too much OK Too little

12. What was the best feature of the presentation delivery?

13. How can the speaker improve the delivery of future presentations?

14. What was the best feature of the presentation organization and content?

15. How can the speaker improve the organization and content of future presentations?
